What do I do if I can't get Sora to work?

If you are still having trouble, contact the Library & Media Services Department by email at library@etiwanda.org or 909-803-3318.

What is Sora (formerly OverDrive)?

Sora is the Etiwanda School District's web-based digital library. It allows students and staff to read eBooks and listen to audio books online from any location that has Internet access or off line using a variety of eReader devices (Kindle, iPad, iPod Touch, computer, cell phone, MP3 player, Nook tablets,...). Patrons can search our virtual bookshelves for specific titles and check-out one title at a time for up to one week.

How do I log into Sora?

All students in the Etiwanda School District can access Sora from school and home for free by logging in to their district issued Google account and clicking on the <https://soraapp.com/library/etiwandaca> link. If you have any questions about logging in, please email library@etiwanda.org.

Use the key phrase below the first time you log into SORA on a device:
etiwandaca

How do I read books on Sora offline without an internet connection?

To access books when an internet connection or mobile app is not available, you can download titles for offline use at soraapp.com. Note: This new option is available for students using either Chrome or Firefox. Students will need to download books over an internet connection before reading offline. To learn how to download a book from your browser visit:

<https://help.soraapp.com/en-us/categories/downloading.htm>

Happy Reading!

Is every book available on Sora?

While not every title is available on the Sora app, many titles - including most BOB books - are available to borrow. If the book has been "checked out" already you may place a hold and will be notified when your selection is ready for check out. (Some titles are also offered as audiobooks!)
