

**ETIWANDA SCHOOL DISTRICT
STUDENT ACCEPTABLE USE AGREEMENT**

Parent/Guardian Consent

I have read the District's policies and rules regarding student use of technology, including the Student Acceptable Use Agreement, District Board policy and administrative regulation 1114 (social media), Board policy and administrative regulation 6163.4 (student use of technology), and the Student Handbook for my child's school. I agree that I will discuss these rules with my child and agree that my child will abide by these policies and rules. I understand that if my student breaks any of these rules or use the District computer system, District technologies, or network in an inappropriate way, my student's privilege to use these technologies may be taken away, parent/guardian may be called, and child may be subject to discipline.

I release and agree to indemnify and hold harmless the District, its personnel, governing board, and any affiliated persons or institutions from any and all costs incurred, claims, or damages of any nature arising from my child's use of, or inability to use, the Internet or the District's computers, network, or other technologies or technology devices including, but not limited to, claims that may arise from the unauthorized purchase of products or services, failure of any District technology or Internet protection measures, copyright infringement, user mistakes or negligence, or exposure to potentially harmful or inappropriate material or behavior. I understand that I can be held liable for damages caused by my child's intentional misuse of the Internet or District computers, network, technologies, or technology devices.

I will discuss the policies and rules with my child and instruct my child regarding the importance of following the rules for personal safety, ethics, and proper technology use and not accessing restricted materials.

Please check one of the following statements:

- I give permission for my child to use the Internet and the District's computers, Chromebooks, network, technologies, and technology devices. I understand that this permission includes permission for my child to access information through the Internet or World Wide Web, send and receive email communications, and engage in other educationally relevant activities involving technology.

- I **do not** want my child to access the Internet or the District's computers, Chromebooks, network, technologies, and technology devices. **I understand that by withholding my permission for my child to use District technology, I am precluding my child from using a Chromebook or other digital device that may be a significant component of classroom learning activities.** The school may attempt to assign my child alternative activities which are similar to the online activities and assignments.
